**Role:** UI/UX Designer

**Experience:** 0–1 year

**Work Location:** Wagle Estate, Thane

## Job Summary:

We are looking for a passionate and detail-driven UI/UX Designer who can craft stunning user experiences and bring interfaces to life with motion using Rive or LottieFiles. You'll play a crucial role in designing intuitive interfaces for web and mobile applications, and enhance user engagement through smart, scalable micro-interactions and animations.

## Job Responsibilities:

### UI/UX Design:

- 1) Create wireframes, prototypes, and high-fidelity visual designs for web and mobile applications.
- 2) Translate product and user requirements into intuitive interfaces.
- 3) Conduct UX research and gather feedback to refine flows and components.
- 4) Collaborate closely with product managers, developers, and stakeholders.

### Micro-Animations & Interactions:

- 1) Design and implement smooth micro-interactions and animations using Rive or LottieFiles.
- 2) Create animated assets like loading icons, onboarding sequences, button effects, and illustrations.
- 3) Optimize animations for performance and seamless integration with development platforms (React, Flutter, Web, etc.).
- 4) Collaborate with frontend engineers to ensure accurate implementation of animated elements.

---

## Required Skills & Qualification:

- 1) 0-1 years of UI/UX design experience with a strong portfolio.
- 2) Proficiency in Figma, Adobe XD, Sketch, or similar design tools.
- 3) Strong understanding of UX principles, mobile-first design, and design systems.
- 4) Solid grasp of typography, color theory, layout, and spacing.
- 5) Ability to communicate design ideas and decisions clearly.
- 6) Experience with Rive or LottieFiles for interactive motion design.
- 7) Experience with After Effects and Bodymoving (for custom Lottie animations).
- 8) Basic knowledge of HTML, CSS, or Flutter.
- 9) Familiarity with Git or developer collaboration tools.
- 10) Experience designing for fintech or consumer apps.
- 11) Graduate / Undergraduate
